# Popular Blogger Shares Tips for Maximizing Each Season with Your Child

*936 Pennies*

*Discovering the Joy of Intentional Parenting*

by Eryn Lynum

When Eryn Lynum was given a jar of 936 pennies (one penny for each week of her son's life from birth to age 18), it was a tangible reminder of how fast kids grow up. We only have so much time to teach them, to make memories, and to love them while they are at home. Through very personal stories and hard-earned wisdom, Eryn shows us that while we can't control time, we can slow it down by living each day intentionally.

As you remove one penny from the jar every week, you'll discover how to prioritize what really matters—things like making your home richer in laughter, teaching family values in everyday moments, and showing God's love and grace with every opportunity. Your kids will see how simple choices, like putting the cell phone down and going on a family hike, will make all the difference. Together, you will stretch time to its fullest potential.

**“For every mom who feels spent, finished, bankrupt by bedtime. Eryn reminds us with humor, honesty, and relatable experience that what you spent in time, patience, energy, memories, and do-overs was worth every penny. Literally.”**

**—Lisa-Jo Baker, Publisher's Weekly bestselling author of Never Unfriended, Surprised by Motherhood, and We Saved You a Seat**
