Ronie Kendig Launches an Explosive New Romantic Suspense Series

Conspiracy of Silence by Ronie Kendig
THE TOX FILES #1

Minneapolis, MN—Award-winning novelist Ronie Kendig will be joining the Bethany House family of leading romantic suspense authors. Her new series, THE TOX FILES, follows the adventures of “Tox” Russell, a paramilitary operative forced into active duty to deal with an international crisis. *Publishers Weekly*, said of *Conspiracy of Silence*, “Kendig keeps the tensions high and the pace lightning fast,” and *Booklist* called her novel a “fast-moving, roller-coaster thriller.”

Her novels have been recognized with the Christy Award, the Holt Medallion, and the Inspirational Reader’s Choice Award. This new globe-trotting paramilitary series captures Kendig’s trademark action and thrills, and readers will be eager for more of the same from the rest of THE TOX FILES.

When an archaeological dig unleashes a centuries-old virus, paramilitary operative Cole “Tox” Russell is forced back into action. With the help of archaeologist Tzivia Khalon and FBI agent Kasey Cortes, Tox searches for answers—and becomes entangled in a web of deception. As the team races to stop a pandemic, a secret society counters their every move.

With time running out and opposition growing on every side, the key to everything may rest in an antique manuscript, the Aleppo Codex—but will Tox and his team be able to trust each other enough to break this century-spanning conspiracy of silence?

“Kendig’s first book in her TOX FILES takes readers on an explosive, action-packed global journey to stop a terrorist from releasing a deadly toxin with biblical origins. Kendig has pulled out all the stops in this highly entertaining read that has plot elements of a Tom Clancy or Dan Brown novel. This is a thrill ride with a story that barely stops to catch its breath before the action revs back up again.”
