

**BOOK ANNOUNCEMENT**

“[A] fast-moving, roller-coaster thriller”  
—*Booklist on Conspiracy of Silence*

- “Kendig keeps the tensions high and the pace lightning fast, with military action scenes worthy of Vince Flynn.”—*Publishers Weekly on Conspiracy of Silence*
- Kendig’s newest novel starts with a bang and never lets up

Six months after stopping a deadly plague, Cole “Tox” Russell and his team are enjoying a little rest. That peace is short-lived when a sniper shot hits Tox. The enemy is discovered to be one of their own, a rogue Special Forces team operator.

Alec King is perhaps the only person as skilled as Tox, and he’s out for justice. Furious with orders that got his men killed, he intends to make those responsible pay. And he insists Tox join him, believing they are the same breed of soldier.

Afraid his old friend is right, Tox battles a growing darkness within himself as he and his team engage in another deadly encounter with antiquity. It appears Alec is cheating—he’s using a mysterious artifact, a crown that history has linked to some of the worst slaughters in humanity. Racing to stop Alec before his vengeance is unleashed, Tox must fight the monster without becoming one.

**“In this action-packed page-turner, readers will be taken around the globe in another heart-stopping race against time to stop a madman. Tox is an exceptional hero, and his teammates are strong supporting characters. . . . Fans of Dan Brown need to give this series a try as there are interesting historical and biblical elements amongst the mystery. It’s clear that an impressive amount of research has gone into this series. Highly recommended.”**
