Bestselling Author Ed Silvano Shares Dynamic New Teaching on the Church and Her Mission

Ekklesia *Rediscovering God's Instrument for Global Transformation* by Ed Silvano

It's no secret that the Church today has lost its influence in culture. But why? With the technology, affluence and knowledge we have today, why are we less effective than the first-century Church—which didn't have social media or fancy buildings or professional pastors or even religious freedom?

Bestselling author Ed Silvano digs into Scripture, unearthing Jesus' true design for His Church—His Ekklesia. He shows how the early Church was a radical, countercultural force of people who transformed the hostile, pagan places in which they lived. And we can walk in that calling today. In the midst of the social, economic, political and moral chaos in our world, we can once again become the revolutionary, transformational, life-giving Ekklesia Jesus called us to be.

“A message that reveals how to see Kingdom principles implemented in a masterful yet practical way!”

—Cindy Jacobs, Generals International

“Not just an important book to read and digest—it is an extraordinarily important book!”

—C. Peter Wagner (1930–2016), Global Spheres, Inc.
