## *The Healing Breakthrough* *Creating an Atmosphere of Faith for Healing* by Randy Clark

Whether you are the one in need of healing or you want to see more people healed, this book will be of great help. With warmth and wisdom, international healing ministry leader Randy Clark takes readers on a journey to the very heart of healing prayer and its relationship to faith. Speaking from both Scripture and firsthand experience, he reveals not only the variables that affect the probability of healing but also the key factors that help create an atmosphere of faith for healing, including how to:

- uncover and clear away any false beliefs about healing
- navigate the balance between faith and expectation
- respond to what God is doing in any circumstance
- pray with confidence and speak out in faith
- expect results every time

As we begin to let the power of God work through us, we can create an atmosphere of faith to see a healing breakthrough.
