## White's New Series Covers Exciting and Overlooked English History

- Offers a fascinating history blended with faith and romance
- “White’s mastery of historical fiction ensures that there is always just the right amount of each layer.”—*RT Book Reviews* top pick for *A Song Unheard*
- A hot topic after bestsellers *Code Girls* and *The Woman Who Smashed Codes*

Three years into the Great War, England’s greatest asset is their intelligence network—field agents risking their lives to gather information, and codebreakers able to crack every German telegram. Margot De Wilde thrives in the environment of the secretive Room 40, where she spends her days deciphering intercepted messages. But when her world is turned upside down by an unexpected loss, for the first time in her life numbers aren’t enough.

Drake Elton returns wounded from the field, followed by an enemy who just won’t give up. He’s smitten quickly by the too-intelligent Margot, but how can he convince a girl who lives entirely in her mind that sometimes life’s answers lie in the heart?

Amid biological warfare, encrypted letters, and a German spy who wants to destroy not just them but others they love, Margot and Drake will have to work together to save themselves from the very secrets that brought them together.

**ABOUT THE AUTHOR:**

**Roseanna M. White** pens her novels beneath her Betsy Ross flag, with her Jane Austen action figure watching over her. When not writing fiction, she’s homeschooling her two children, editing and designing, and pretending her house will clean itself. Roseanna is the author of numerous novels, ranging from biblical fiction to American-set romances to her new British series. Roseanna lives with her family in West Virginia.
