

Christian Scholar Timothy Dailey Exposes the Dark Influences Behind Modern Culture's Paranormal Obsession

*The Paranormal Conspiracy:
The Truth about Ghosts, Aliens and Mysterious Beings*
by Timothy Dailey, Ph.D.

Teenage vampires. UFO sightings. Alien invasions. Ghost stories. The zombie apocalypse.

You don't have to look far to see that today's pop culture is becoming increasingly dominated by paranormal beings. Topics that once belonged to the fringes of the occult world have suddenly found their way onto every television channel and magazine cover.

What does this mean for Christians? How do we respond to a culture saturated with the paranormal?

In this compelling book, Dr. Timothy Dailey explores the counterfeit spirituality of the paranormal world. By confronting these phenomena head-on, Dailey exposes the dark truth behind these tales.

In a world that fears an uncertain future, Dailey offers hope: a way back to the one true source of spiritual connection. The only one that can satisfy our souls.

"You will be surprised. Well written and well worth reading!"
