1. The book begins with a touching love story between a couple that had been married for half a century. What does that have to do with the paranormal?
2. In the chapter titled “The Doors of Perception,” you discuss the enigmatic writer Carlos Castaneda’s descent into shamanism. What spoke to you about his life and work?
3. There are currently several TV programs dedicated to “finding Bigfoot”— but they never seem to discover the proverbial “smoking gun.” What’s behind this inexplicable phenomenon?
4. You then discuss UFOs—what’s your take on the Extraterrestrial Hypothesis (UFOs are nuts-and-bolts craft from distant galaxies)? How do they tie in with other phenomena such as Bigfoot?
5. What really takes place when people claim that they have been abducted by alien beings?
6. You share the bizarre story of famed British explorer Percy Fawcett, who ventured deep into the Amazon jungle in search of the fabled “lost city of Z.” What motivated him?
7. Tell us about Canadian journalist Joe Fisher and his involvement with mediums and spirits. What lessons can we learn from his involvement with ghosts and spirits, so that we can avoid similarly tragic results?
8. What’s the story behind the cyber-riddle called “Cicada 3301” and its connections with arch-occultist Aleister Crowley?
9. Our culture seems obsessed with “The Zombie Apocalypse.” What dark forces are behind that “paranormal conspiracy”?
10. Talk to us about the troubling connection between serpents, the paranormal and the latest Ayahuasca drug craze.
11. It seems daunting when we consider all of the dark forces at work all around us. Tell us about the hope we can have to overcome the diabolical “paranormal conspiracy” working against our hearts and souls. How can that be “utterly thwarted”?
