Raising Giant-Killers
Releasing Your Child's Divine Destiny
through Intentional Parenting
by Bill and Beni Johnson

As children grow and experience life, they face “giants” in many forms—the hurts, struggles, fears and temptations of the world that seduce countless young people away from their divine call to represent Jesus in both purity and power. It is vital for parents to train children to defeat these giants—to become giant-killers.

With honesty, humor and keen biblical insight, bestselling authors Bill and Beni Johnson offer practical tools for becoming a Spirit-led parent. Drawing examples from Scripture and their own experience, they show you how to maintain a strong relationship with your children while also upholding discipline, developing character and instilling in them the desire for eternal significance.

In these pages you will discover how to support their uniqueness, gifting and strengths as you help them think through the tough questions: *Why am I here? What is God's purpose for me? How do I fulfill it?* You will also be encouraged to face and destroy your own giants, knowing that your example will become your children's inheritance. Let this book guide you to raise giant-killers—children empowered to make a difference, not only in their lives but in the world.
