- “Kendig has outdone herself.” —*RT Book Reviews* on THE TOX FILES
- THE TOX FILES stories were nominated for a 2017 Inspy Award for Suspense and a 2017 Carol Award
- Tox, Ram, and the rest of the team must race to stop the Arrow & Flame Order

Dismantled centuries ago, the sword of Goliath is still rumored to thirst for its enemies’ blood. Cole “Tox” Russell only wants to begin his life with Haven Cortes, but he must first complete a final mission: retrieve that sword and destroy the deadly Arrow & Flame Order.

The AFO, however, is determined to claim the sword. Wielding their father’s life over Tzivia and Ram Khalon, they threaten to expose Ram’s long-held and dangerous secret while demanding Tzivia locate the sword. With the Wraith team slowly being torn apart, things only worsen when Mercy Maddux, a new operative, emerges with the stunning news that the sword is tied to both Ram’s secret and a string of unsolved serial murders.

Tox, Ram, and the others are forced to set aside fear and anger to focus only on the enemy. No matter the cost, Wraith must stop or take the enemy down with them.

“The diverse characters in this riveting story are strong, intense, and determined. The covert missions are spine-tingling and immersed with suspense. The storyline moves at break-neck speed, as the team spans the globe and uncovers one clue after another. . . . Ronie Kendig brings us an extraordinary tale with this installment of her TOX FILES series. She even incorporates a few romantic surprises! This is an adventure you do not want to miss!”
