**SAMPLE INTERVIEW QUESTIONS**

1. A male and a female coauthor *Worthy*. Why is the perspective of a male important for this book?
2. Tell us what brought you two together and how/why you decided to write this book?
3. In the beginning of time, God created man. Talk us through what this means in relation to the worthiness of women and how this statement may be misinterpreted.
4. The first chapter of *Worthy* concludes, “God created women to be royal rulers and priestly-servants in his kingdom.” This is such a bold and empowering statement. Can you walk us through what this means?
5. The Bible, from Genesis through the New Testament, is consistent in its value of women. In what ways has our culture strayed from this consistency to make women seem and feel as though they are subordinate to men?
6. *Worthy* is an interesting title. Why would you say to the person who objects: “Only God is worthy. We should be celebrating His worth, not the worth of women or men!”
7. What are some common ways that pastors might overlook the women in their church, and how can they prevent it?
8. What do pastors want women in their church to know? What do women want their pastors (or men in the church) to know?
9. What does Jesus teach us about the value of women?
10. How does the Gospel speak to the worth of women?
11. Many women and men have been taught, either implicitly or explicitly, that women shouldn’t hold any positions of leadership because they are easily deceived, too emotional, or not logical enough. How would you respond to that perspective?
12. What are some of the ways in which women’s voices are ignored or avoided by leaders in the church?
13. Where can our viewers go to connect with you and get their copy of *Worthy*?
